

2007 ANNUAL REPORT

Rebuilding our
community...
one house at a time!

LETTER FROM THE PRESIDENT

Our efforts continue to have a positive impact in the community. We have helped 135 families with much needed improvements to make their homes safe and secure and it is always gratifying to be a part of an organization that can make these repairs in such a short time. Contractors, carpenters, electricians, plumbers, and many unskilled volunteers join forces to replace roofs, build access ramps, install new windows and doors, along with many other home repairs in one day for the elderly, disabled and low-income families.

During "Rebuilding Day 2007," we helped 9 families by replacing entry steps, installing windows and doors, making electrical and heating repairs, and fixing numerous safety hazards for five of the houses. These efforts are possible by combining the support from over 85 volunteers and the much needed financial support from our sponsors.

We are part of a national organization that produces amazing results from 250 affiliates of Rebuilding Together. Each affiliate is successful by the vision, planning, and dedication from many volunteers throughout the year and the commitment from the Board of Directors. As president of Rebuilding Together*Greater Portland, I take this opportunity to extend my appreciation to all that have made our efforts possible.

Sincerely,

Mike Connell
President, Board of Directors
